March 27, 2013

To Our Partners:

Thank you for making the time and effort to provide comments on the Health Care Authority Strawman proposals for Cost Sharing for Adults and the Medicaid Alternative Benefit Plan circulated in February.

Your comments will be very valuable in informing our future work as we move forward on implementing aspects of the Affordable Care Act (ACA) related to the Medicaid Expansion in coming months.

I appreciate your continuing engagement as we wrestle with the implications of various approaches to successfully implement the ACA.

Sincerely,

MaryAnne Lindeblad
Medicaid Director
