- Transactions contain no client duplicates and may decrease per month due to loss of eligibility, causing retro changes
- Auto assignment – the Provider One system assigns the client to a managed care plan, as the client made no choice at enrollment
- Client Choice – Client chooses a managed care plan at enrollment
- Connecting Family – Client is connected to qualified family members who are already enrolled in an Apple Health managed care plan
- Reenrolled in Previous Plan – Client has less than a 2 months break in eligibility and is reenrolled in their previous plan to ensure continuity of care
