

WASHINGTON WELLNESS HEALTH ASSESSMENT

HA

COMPLETION REPORT - May 2014

A health assessment (HA) is a questionnaire that employees take every calendar year to find out more about their own health. Every year, all state employees who have health benefits through the Public Employees Benefits Board are encouraged to take their HRA online through their PEBB health plan.

For more information:
www.wellness.wa.gov

HA COMPLETION RATES ANALYSIS

Find your organization on the three reports below. The Health Assessment completion rate is a reflection of your agency's promotional efforts during the report month. (NOTE: The data analysis represents employees who are enrolled in PEBB only and does not include retirees or dependants.)

Report One

Rank Order Employee HA Completion Rate by Organization

This report is an area graph that lists all organizations along the X axis from highest to lowest using the year-to-date employee completion rate.

See the Organization Acronym Key for full agency and higher education institution names.

Report Two

Monthly & Year-to-Date Employee HA Completion

This report is an alphabetically sorted table where you can see your organization's number of completed Health Assessments, number of total employees enrolled in PEBB plans, and percentage of completed HAs for the current month (and is a reflection of your agency's promotional efforts during the report month). The table also shows these same figures on a year-to-date basis. The last column of the table lists the organization rank starting with number 1 as the organization with the highest percentage completion rate for the year-to-date. The total number of organizations is listed on this report.

See the Organization Acronym Key for full agency and higher education institution names.

Report Three

HA Completion Rate

This report contains both a small table and a line graph of your individual organization's Health Assessment completion rate. The table shows your rank among all organizations, the number of HAs completed, the number of employees, and their percent HAs completed all for the report month. The table also shows the number and percentage of HAs completed for the year.

The line graph shows your organization's report month and year-to-date progress toward the Minimum and Meaningful Data Target percentages, showing your percent completion rate. It also has two lines to give a visual of your actual completion rate percentage compared to the Minimum Target of 30% and the Meaningful Data Target of 70%. All agencies should achieve the 30% goal as a minimum, however we encourage organizations to aim for the 70% completion rate or higher. This will give you more representative and useful health information about your organization's population.

See the Organization Acronym Key for full agency and higher education institution names.
